Description :

PDF-3fe70 | The main purpose of this book is to be a vehicle for funding anti-aging research which is currently not funded by the United States Government despite the fact Medicare and Medicaid are predicted to bankrupt the country in the next few decades. Funds for research and development have been denied to scientists on the basis they are not “product ready.” A ridiculous excuse most believe is design... *Announcing The Coming End Of Biological Aging and Disease: Read About 24 Major Diseases Already Targeted With Regenerative Stem Cell Therapy!*
