Description :

PDF-3466f | For thousands of years, Western culture has dichotomized science and art, empiricism and subjective experience, and biology and psychology. In contrast with the prevailing view in philosophy, neuroscience, and literary criticism, George Engel, an internist and practicing physician, published a paper in the journal *Science* in 1977 entitled "The Need for a New Medical Model: A Challenge for Biomedic... *The Biopsychosocial Approach: Past, Present, Future*
