Chronobiology of Marine Organisms PDF

by Ernest Naylor : **Chronobiology of Marine Organisms**

ISBN : #0521760534 | Date : 2010-03-22

Description :

PDF-1c634 | Do intertidal organisms simply respond to the rise and fall of tides, or do they possess biological timing and navigation mechanisms that allow them to anticipate when conditions are most favourable? How are the patterns of growth, development and reproduction of some marine plants and animals related to changes in day-length or to phases of the moon? The author describes how marine organisms, fro... *Chronobiology of Marine Organisms*
