Description :

PDF-fc26b | Measurement in human services means one thing: how well the effort serves clients. But the data doesn't exist in a vacuum and must be communicated clearly between provider and client, provider and management, and across systems. During the past decade, innovative communimetric measures have helped more than 50,000 professionals worldwide in health care, justice, and business settings deliver fin... *Communimetrics: A Communication Theory of Measurement in Human Service Settings*
