by Allan Donner : **Design and Analysis of Cluster Randomization Trials in Health Research**

ISBN : #0470711000 | Date : 2010-05-17

Description :

PDF-ca520 | A cluster randomization trial is one in which intact social units, or clusters of individuals, are randomized to different intervention groups. Trials randomizing clusters have become particularly widespread in the evaluation of non-therapeutic interventions, including lifestyle modification, educational programmes and innovations in the provision of health care. The increasing popularity of this ... *Design and Analysis of Cluster Randomization Trials in Health Research*
