Description :

PDF-b4381 | Addressing a common misconception, this handbook explains that donkeys are not horses and that the two kinds of animals are genetically and anatomically quite different. Carefully laying out the special physiological and environmental needs of donkeys, the book educates owners, would-be owners, and breeders about how best to care for their charges while also providing clear technical information o... *Donkeys: Miniature, Standard, and Mammoth: A Veterinary Guide for Owners and Breeders*
