Description :

PDF-5a08e | No one reacts or responds to a drug in exactly the same way, just as no two persons are exactly alike. Individual and ethnic differences in drug response have been consistently found in clinical practice. This book covers all the important factors that explain how and why drug treatments used in psychiatry affect individuals and ethnic groups differently. It will increase understanding of how biol... *Ethno-psychopharmacology: Advances in Current Practice (Cambridge Medicine (Hardcover))*
