Description :

PDF-27580 | Since the publication of the third edition of Geriatric Medicine, extraordinary advances have occurred in the science of aging and the potential for biomedical research to give us answers to many, if not most, of the age-related disorders that threaten the quality of life in older years. At the most basic level, the successful mapping of the human genome was declared complete in the fall of 2000. U... *Geriatric Medicine: An Evidence-Based Approach*
