Description :

PDF-3facf | Significant changes have taken place in the policy landscape surrounding cannabis legalization, production, and use. During the past 20 years, 25 states and the District of Columbia have legalized cannabis and/or cannabidiol (a component of cannabis) for medical conditions or retail sales at the state level and 4 states have legalized both the medical and recreational use of cannabis. These landma... *The Health Effects of Cannabis and Cannabinoids: The Current State of Evidence and Recommendations for Research*
