Description :

PDF-e2b40 | Susan Quinn's extraordinary story takes the reader into the closed world of experimental "human trials" in which new drugs are developed. Both the portrait of a dedicated scientist and the archetypal story of all medical research, Human Trials is the emotion-laden, roller-coaster trip from the lab bench to the medicine cabinet, in which scientists risk their reputations, venture capitalists their ... *Human Trials: Scientists, Investors, And Patients In The Quest For A Cure*
