Description :

PDF-4d884 | Veterinary medicine has undergone sweeping changes in the last few decades. Women now account for 55 percent of the active veterinarians in the field, and nearly 80 percent of veterinary students are women. However, average salaries have dropped as this shift has occurred, and even with women in the vast majority, only 25 percent of leadership roles are held by women. These trends point to gender-.... *Leaders of the Pack: Women and the Future of Veterinary Medicine (New Directions in the Human-Animal Bond)*
