Description :

PDF-479a5 | One of the key challenges of all types of practice and research is finding a way to measure the problem. This seminal 2-volume book contains hundreds of the most useful measurement tools for use in clinical practice and in research. All measures are critiqued by the editors, who provide guidance on how to select and score them and the actual measures are wholly reproduced. This second volume, focus... *Measures for Clinical Practice and Research, Volume 2: Adults*
