: **The New Brain Sciences: Perils and Prospects**

ISBN : #0805854924 | Date : 2004-12-06

Description :

PDF-03b90 | The last twenty years have seen huge advances in our understanding of how the brain works. Researchers are now trying to understand the nature of consciousness itself. This collection represents an accessible attempt to expose and question research boundaries of what is ethically, socially and legally acceptable in neuroscience research.... *The New Brain Sciences: Perils and Prospects*
