Description :

PDF-0d9d3 | Cancer has long been cured in mice but not in people. Why? Successful laboratory treatments and cures for one species don't necessarily result in cures for humans. But, because practice has become economically entrenched within medical industry, animal experimentation -against all medical evidence- continues. The human benefits of animal experimentation- a bedrock of the scientific age- is a myth p... *Sacred Cows and Golden Geese: The Human Cost of Experiments on Animals*
