Description :

PDF-a1296 | The US ranks near the bottom of all developed countries when it comes to healthcare quality and costs, yet in some pockets of the US we provide some of the best and most effective care in the world. This variation cannot be explained by payers or resources or socio-economic class – it is far simpler than that – what we have here is a failure to communicate. Medical information in this country i... *#SocialQI: Simple Solutions for Improving Your Healthcare*
