Description :

PDF-2be79 | Millions of people each year decide to participate in clinical trials--medical research studies involving an innovative treatment for a medical problem. For the patient, such participation can sometimes be a life-saving choice. But it can also be just the opposite. Our country years ago adopted rules designed to assure that people are making informed choices about participation. This book explains... *What the Doctor Didn't Say: The Hidden Truth about Medical Research*
