Description :

PDF-e3caa | Rescuing wild animals in distress requires a unique set of skills, very different from those used in handling domestic animals. The equipment, degree of handling, the type of caging and level of care a wild animal receives can mean the difference between life and death. Wildlife Search and Rescue is a comprehensive guide on 'best practices' and suggested standards for response to sick, injured... *Wildlife Search and Rescue: A Guide for First Responders*
